Adults under supervision and detention orders

Compiled and written by John Walker
June 1988

REVISION OF TABLE 8

Since the printing of Trends and Issues No. 14 (Adults Under Supervision and Detention Orders) we have been advised by the Northern Territory Department of Health and Community Services, that the estimated average per capita costs per annum of persons under supervision orders are different from those shown in Table 8.

Figures supplied to the Institute indicated that these costs amounted to \$3650 for both non-custodial orders and post prison orders. The Department of Health and Community Services has now informed us that the correct estimates should be as follows:

	1985-86	1986-87
Non-custodial order	\$1869	\$1575
Post prison order	\$1928	\$1638
